Colors are the smiles of nature

— Leigh Hunt
Summer Earth Adventure classes at Aullwood offer exciting hands-on activities that enable children to explore the world of nature and farming. Through outdoor adventures, children develop an awareness and concern for the Earth. Children might meet an owl, explore a pond, experience life on a farm or search for insects and animals in the prairie, marsh, forest, or stream.

Each week has a different theme, activities will be scaled based on student ages and abilities. Some of our themes include Natural Engineering, BioBlitz Week, Mad Science, Nature Art Week, Outdoor Skill Week, Mysteries in Science, and H2O to GO! Week. Camp starts June 5th through August 5th, 2022 from 9:00 a.m. to 4:00 p.m. Extended Care will be available from 8:00 a.m. — 9:00 a.m. and 4:00 p.m. — 6 p.m.

Camp Policies
- At drop-off, campers may arrive no more than 15 minutes before the published start time of camp (extended day excluded)
- Hand washing will be conducted throughout the day including the start and end of the day
- At pick-up, campers are required to be picked up promptly at the end time of camp each day
- Children must be signed in and out each day by a designated adult who must present a picture ID
- Bug spray and sunscreen: Our staff cannot apply these products to campers. Please apply them to your camper before they are dropped off at camp
- Children must bring a bag lunch and snacks each day, except for children in the half day program, where you must pack a hearty snack. We encourage the use of reusable lunch bags and food containers, in a comfortable backpack
- All children must be potty-trained

Registration Information
- All camps require preregistration and payment at the time of registration.
- We are using Audubon’s CampDoc for our medical forms, liability forma and more, a link will be emailed out after registration
- Please provide an email address that you check frequently to ensure the receipt of important camp correspondence and reminders for Camps
- Each camp registration includes one t-shirt, additional shirts may be purchased for $10 each

“My kids couldn’t wait to tell me what they did every single day!” ~ Aullwood Parent
A full day is a long day, what will my camper do all day?

Activities will be a mix of active and passive with times to rest and times to run. Some activities will be in a group and some alone. The day is built for all activity levels and can be adjusted due to weather or group interest. A day in H2O Go for a 2nd Grade group might look like something like this:

**Circle & Share:** Campers share their memories of the day before, get emotionally comfortable with their groups and counselor for the day, work on a small project such as craft with clay to facilitate the mental disconnect with their caregiver by engaging tactile & small motor skills. Use this time to work on group schedule and the activities for the day.

**Exploration hike & snack:** Go and explore places you find water, take a closer look at plants, with councilor assistance, using field microscopes to look at water in leaves. Go explore the creek, use equipment such as nets, strainers and learn about macroinvertebrates and how they are indicator species. Visit the creek or other water habitats.

**Condensation station:** Using items found at home create a condensation station, discuss the water cycle by playing a water cycle game. Where campers are transformed into drops of water and then “experience” the life cycle of a drop by rolling over sized die and adding a pony bead to a pipe cleaner bracelet to mark their path.

**Enjoy lunch and free time**

**Paint with water and then enjoy a snack while listening to a story:** Using multiple tools, spray bottles, brushes, & eye droppers look at how the addition of water changes the physical characteristics of an object. For example, tree might change color, but dust changes its properties to become mud.

**Art & Art Preparation Hike:** As a group explore to find a great spot. In the shade, where you can see water in action and set up your art studio for the afternoon. Using a framing exercise campers pick their view and get ready. Using watercolors in journals, or on separate paper campers will create a watercolor picture of some part of nature with water. Clean up and return to the building.

**Closing circle:** Reflect on the day, foreshadow for the next day. Get all gear and supplies put away.

### What makes our camps special?

All camps at Aullwood Audubon are designed with the goal of providing fun, hands-on, educational experiences in nature for children ages 3 to 14 years. Our camps challenge kids to be active and creative while developing confidence and social skills in a natural setting. Our small camper to staff ratio allows for increased personalized attention for our campers. Our camp instructors make camps engaging and joyful for kids while promoting inclusiveness, safety, age-appropriateness, and passion for nature.
Summer Schedule by Week

Nature's Engineers Week June 6 – June 10

Crafting Critters | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $150
Animal Artists? Absolutely! Unleash your inner animal…er…artist as we build nests, make tracks and design webs using nature as our inspiration!

Troll Science | K- 4th grade | 9:00 a.m. – 4:00 p.m. | $275
Create repurposed sculptures with the help of our family of trolls. Learn from our natural architects such as beavers and birds to get our creative juices flowing! We will use natural architects, from beavers to birds as our inspiration.

Fancy Feathers | 5th – 6th grade | 9:00 a.m. – 4:00 p.m. | $275
What key characteristic do birds have that other animal don’t? Feathers! Learn all about feathers, how birds use them and how people have use feathers in the present and the past. Activities of this camp include hiking to search for birds, bird talks with our animal ambassadors, a grand finale of camp will be the campers designing and building their own set of wings.

Drawing on Nature | 5th – 8th grade | 9:00 a.m. – 4:00 p.m. | $325
Describe nature through journaling and painting with naturalist Chris Rowlands. As you explore the grounds of Aullwood, sketch, draw and use other mediums to create beautiful birds, creepy insects, shiny leaves and more! Start on the Aullwood Mural that we will create this summer, create a fine art piece to hang up at home. *Class fee reflects the cost of additional materials for this class.

Bio Blitz Week June 13 – June 17

No Place Like Home | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $150
Follow the leaf-covered trails to find out which animals call a wetland, prairie, or forest home! Meet LIVE wildlife Ambassadors. Why do they choose specific home? Learn what it takes for animals to survive in the place they call home.

Habitat Homes | K- 4th grade | 9:00 a.m. – 4:00 p.m. | $275
What’s in a habitat? Who lives in the habitat? Explore a new habitat each day as we immerse ourselves into the wildlife that lives there, why do they live there and what makes it the perfect habitat.

Community Science | 5th – 6th grade | 9:00 a.m. – 4:00 p.m. | $275
Join in the fun exploring community science projects like reporting hummingbird sightings, identifying monarch butterflies, monitoring bluebirds and more. Help pull invasive species to make room for native species. After all that work, have some fun with classic camp activities.

Farmer for a Week | 5th – 8th grade | 9:00 a.m. – 4:00 p.m. | $300
Join our farm staff and learn about our Farm. It is a livestock-oriented facility with a focus on conservation breeding and regenerative agriculture. Spend part of your day participating in farm chores and the other part learning about the farm and the animals that live there.
Mad Science Week June 21 – 24 (no class on Monday, June 20)

Jump into bubbles! | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $125
Discover amazing bubble facts. Did you know that some wildlife use bubbles to help them survive? Take to the trails and dip into watery habitats in search for these creatures. We will even try to stand in a life-size bubble! Wear clothes and shoes that can get wet, muddy, or soapy.

Mad Scientist | K- 4th grade | 9:00 a.m. – 4:00 p.m. | $250
Investigate the natural world then perform exciting experiments in this cool camp! Make an “explosion”, design your own rocket, use invisible ink, gloop, cook s’mores in a solar oven and much more.

Nocturnal Magic | 5th – 6th grade | 9:00 a.m. – 4:00 p.m. | $250
What’s that sound? Who is working the night shift? Are they crepuscular or nocturnal? Learn all about all the animals that come out at night. This week includes a night walk for the campers entire family on Friday evening.

Sound Escape | 5th – 8th grade | 9:00 a.m. – 4:00 p.m. | $300
Listen for the rat-a-tat-tatting of a woodpecker, the buzzing of a cicada’s wings and the gentle drizzle of a summer rain on hikes with Naturalist Chris Rowlands. Mimic sounds in nature as we make a drum, a rain stick and write a song that we will record and you will receive your own CD. We will also hike and work on the Aullwood Mural. *Class fee reflects the cost of additional materials for this class.

Nature Explorers Week June 27 – July 1

Ladybugs, Fireflies, and Ants oh my! | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $150
Come learn about all kinds of bugs through songs, crafts, and hikes around Aullwood. We will turn over rocks, logs and explore a different habitat each day.

Nature Sense Discovery | K- 6th grade | 9:00 a.m. – 4:00 p.m. | $275
Campers will explore a new sense each day! Use your senses to navigate through blindfold walks, bird calls, animal diet investigations, nature smells and tastes. Compare how humans use their senses in nature vs. how animals use theirs.

Outdoor Survival Week July 5 – July 8 (*no class on Monday July 4)

Can you be an animal survivor expert? | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $125
Following a different book each day we will take the role of animal and learn to face obstacles, floods, predators and more as we navigate trails and learn to survive by making good choices. A new adventure awaits each day!

Adapt to Survive | K- 4th grade | 9:00 a.m. – 4:00 p.m. | $250
Learn how to thrive in the woods from master survivalists - animals! Discover what special tools animals use to live outside and then practice outside skills like shelter building to see if you have what it takes to survive in the wild!

Aullwood’s Survival Skills Course | 5th – 6th grade | 9:00 a.m. – 4:00 p.m. | $275
Test yourself against nature! You will learn how to make a shelter that will keep you warm and dry, methods of fire-by-friction, make primitive traps and learn to navigate the woods without a compass. After this course you will have the knowledge and experience to confidently head out into any trail or campground. *Class fee reflects the cost of additional materials for this class.
Cooking Creations Week July 11 – July 15

**Mud Kitchen** | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $150
Create the most fantastical culinary creations out of mud, stick, stones, and plants. Each day we will explore, learn, and create. Warning: Campers guaranteed to get muddy!!

**Marvelous Moo** | K- 4th grade | 9:00 a.m. – 4:00 p.m. | $275
Moo-ve over, here come the cows, there goes a chicken. Learn about the bank barn, pastures, gardens, and wet places that are on the farm. Get to know the animals up-close and get wet n’ wild. Meet at the Farm.

**Outdoor Kitchen** | 5th – 6th grade | 9:00 a.m. – 4:00 p.m. | $300
Ready to make more than toast? Cook your way through camp! Practice culinary techniques, learn to cook outside and spend time in the garden. Join us for a week of food, fun and community. This camp is for everyone. We will work to accommodate any dietary restrictions to the best of our ability.

*Class fee reflects the cost of additional materials for this class.*

Art Week July 18 – July 22

**Nature’s Rainbow** | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $150
Nature is a masterpiece! Look for familiar shapes in different habitats, experiment with color blending and meet live animals, you will become a camouflage detective!

**Nature Art** | K- 4th grade | 9:00 a.m. – 4:00 p.m. | $275
Use a variety of earth arts as we explore the natural wonders at Aullwood. Make natural collages, pinch a pot using clay and paint works of art using soil, leaves, berries, and other natural pigments.

**Artist in the Woods** | 5th – 6th grade | 9:00 a.m. – 4:00 p.m. | $300
Join Aullwood’s Chris Rowlands for this class all about painting nature. Learn color theory, paint outside in the meadow, and learn new painting styles. We will create a sustainable giant art project that will permanently hang in the halls of Aullwood for all to see, additionally create an original painting you can hang on your wall at home. *Class fee reflects the cost of supplies*
Mystery Week July 25 – 29

Tracks and Scat, oh my? | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $150
Become a nature sleuth and look for "droppings" to find out who-who’s been there! How do we know animals have been here without seeing them? We will dissect, explore, investigate this week while playing games and even make scat!

Aullwood CSI | K- 6th grade | 9:00 a.m. – 4:00 p.m. | $275
Critter Scene Investigators, campers will solve different critter related scenarios using clues from critter scenes set up around Aullwood. They will use scat and track identification, interviews with our animal ambassadors, and their keen minds. At the end of camp, they will become full-fledged Critter Scene Investigators.

Water Magic | 4- & 5-year-old | 9:30 a.m. – 1:00 p.m. | $150
Learn about the magic of water! Play water games. Use nets to catch aquatic insects, look under rocks and find animal tracks. Dress to get wet.

Splash! | K- 4th grade | 9:00 a.m. – 4:00 p.m. | $275
Nothing beats a hot summer day when you get to run, jump, and splash in the water. Play water games, perform water experiments, and explore Aullwood’s different water habitats. Dress to get wet.

Stream Team | 5th – 6th grade | 9:00 a.m. – 4:00 p.m. | $275
Ever wonder who lives in the Stillwater River? Join us this week as we explore our water basin and use nets to catch fish and other aquatic critters in the bodies of water around Aullwood. We will explore, track, and join the scientific community by adding our findings to iNaturalist online.
CAMP FAQ

I’m a member, what advantages do I receive?
$25 discount per week, for all youth included in the membership and one-week early members only registration window, using a coupon code at registration.

What age should my camper be?
Campers are grouped by age with appropriate educational experiences for each level. Children must register for classes that correspond to their age as of May 1, 2022, or the grade level they will enter this coming school year. All children, except for the 2- & 3-year-old classes with parents Called Chipmunks must be toilet trained.

How big are your camp groups?
Groups are limited to a maximum of 10 - 14 campers, age dependent. Minimum class size is 5 students.

How much does camp cost?
All half and full day camps include two staff, one t-shirt, basic supplies, craft and activity supplies, a surprise or two (like an otter pop on very hot day). Our base non-member rate for half day camp is $150 and $275 for full day. Specialized camps with more supplies are reflected in the fee. Details in our Camp Guide, linked at the top and bottom of this page.

What is extended care?
Starting at 8:00 a.m. to 9:00 a.m. and from 4:00 p.m. to 6:00 p.m. we will offer extended care. Extended care will be inside in one of our rooms, with two staff in attendance. We will provide puzzles, coloring pages and some basic board games. Campers are encouraged to bring non-electronic entertainment, like a book or game. Late pickup from extended care will incur an additional fee.

How much does extended day cost?

</tr>
</tbody>
</table>

Where does camp start?
All classes meet at the Marie S. Aull Education Center (1000 Aullwood Road, Dayton, OH 45414) unless Meet at the Farm is stated in the class description. Farm classes meet at 9101 Frederick Pike, Dayton, OH 45414.

Where will my camper spend the day?
Outside!! Camp will be outside for most of the day; some activities might be inside, but it will be limited. We will have indoor safe space during extreme weather such as thunderstorms or excessive heat.

Who will work with my camper?
Adult counselors and adult volunteer assistants have passed background checks will be your campers leaders. Teen volunteer assistants are at least 14 years old. Staff will receive training including CPR and First Aid. Summer staff are supported by the Aullwood education manager and staff.
CAMP FAQ

What time does camp start and end for full day camp?
Camp starts at 9:00 a.m. drop off for campers is between 8:45 – 9:00 a.m. If you need to drop off your camper before 8:45 am we will have extended day available starting at 8:00 a.m., for an additional fee. Camp ends at 4:00 p.m., campers will be waiting until 4:15pm, after that they will be added to extended day that is available until 6:00 p.m. and charged accordingly.

What should campers bring daily?
Dressed in comfortable clothes and shoes. Bring a backpack with a refillable water bottle. We have water refill stations. A brown bag lunch and two snacks, and a little extra. Being outside, walking and playing outside makes campers hungry.

What about food?
Please bring a lunch that can be eaten along the trails, include all cutlery (think yogurt spoons), lunch should fit in your camper's backpack for the day. A refillable water bottle is a must, we have water fountains that we can do refills. A great idea is a frozen water bottle as an icepack, so your camper has cold water when the ice melts in the afternoon. Camp makes for hungry campers. No refrigeration available.

What should my camper wear?
Clothes that can get wet and muddy, shoes that campers can walk in the whole day. Sandals are fine as long as they have heal-strap, but comfort is the most important factor. If it looks like rain, please pack a poncho or a rain jacket as camp is outside! No flip flops.

What happens if it rains?
Classes are held rain or shine, so please dress children accordingly. In the case of inclement weather, activities may be modified and moved indoors.

Will my camper fit in?
Campers explore the natural world outdoors and should be able to move themselves along gravel and wood chipped trails, up and down hills, across boardwalks, and over flat and uneven ground with minimal assistance. Each camper should be capable of staying with their assigned group with minimal reinforcement. Campers interact with peers in collaborative activities and games. To ensure safety for both campers and staff, each camper should be capable of maintaining appropriate self-control in social situations.

We’re happy to make reasonable accommodations for children with individual needs, depending on their requirements and staff availability. Parents and guardians with questions regarding the ability of camp staff to meet a child’s needs should contact the public programs manager before registering for camp. You can reach our staff at education@auullwood.org

Non-Discrimination Policy: Aullwood Audubon does not discriminate on the basis of race, color, national origin, religion, sex, disability, age, income, ethnicity, sexual orientation, or marital or family status.
CAMP FAQ

Is there a wait list?
Yes. Campers registered for the wait list will be contacted by email in the order their registrations were received. Please provide a preferred email address so you can be reached if an opening becomes available. If registration does not take place within 24 hours of the email contact, the next camper on the list will automatically be contacted. If the camp opening is within one week of the camp start date, the 24-hour response policy will not apply.

What is the cancellation and transfer policy?
All requests must be emailed to education@aullwood.org and will be considered on a case-by-case basis. If there is a waitlist for your camp a full refund may granted but if supplies and staff are already secured there will be no refunds.

Are there scholarships available?
A limited number of scholarships are available. Call Aullwood (937) 890-7360 or email education@aullwood.org for scholarship details and an application.

Can my children, or my child’s friend, be in the same small group?
Children will be divided into small groups for camp. Groups will be preassigned, and children will be separated into groups on the first day of camp according to age. If your child has a friend or relative registered in their camp and you wish to place them in the same trail group, please indicate this on your online health form in your Camp Doc account under “additional information” and we will do our best to accommodate as long as you indicate this TWO WEEKS PRIOR to the start of camp. If you wish for your child to be placed with a friend or a family member whose ages are not within one year of one another, our policy is to place the older camper with the younger camper’s trail group. The group that your child is assigned to will be your camper’s trail group for the week. Individual groups will not interact with one another.

What is the COVID Policies and Updates?
We will adhere to all Ohio Department of Health and Center for Disease Control COVID safety recommendations. Please CLICK HERE for the latest updates.

How do you ensure safety at camp?
Camp counselors know that camper safety is the priority. Staff are trained in first aid and CPR prior to the start of camp. Our staff will also receive specialized training by counselors from the Children’s Psychology Department to equip them on how to offer a mental safe space for our campers.

The description says this camp includes a wide range of ages. How will you maintain age-appropriate experiences for my camper?
Each camp has something special to offer to all children within the designated age range. Camps with a wide mixed-age audience are separated into smaller, age-appropriate groups to guarantee the best experience.

My young child is outside of the age range for a certain camp; can they still attend? (They’re advanced for their age)
Camps are carefully designed for specific age groups and, within most of our camps, children are further separated into smaller, similarly aged groups to ensure the best quality experience at camp. We do not allow children outside of the designated age range to join in camp for the following reasons:
• Young children often lack the endurance for some of our activities designed for older children.
• Young children often lack the social maturity to deal with older campers.
• Enrolling a child in a camp designed for older children may inhibit either the young child or the older campers.
CAMP FAQ

My child has food allergies. How do you accommodate this?
Over the years, we have had many campers with food allergies. The action we take depends upon the severity of the allergy. Children with strong peanut allergies eat away from members of the group with peanut products. (For example, a whole table of campers and staff who do not have peanut products in their lunches will sit together at a table or use a designated nut-free picnic blanket.)

During cooking weeks, we will make every effort to accommodate allergies, we will work with parents and guardians to make all campers feel included.

May I attend camp with my child?
Our well-trained counselors provide experiences that help increase your child’s confidence in an inclusive, age-appropriate environment. To do that they need to be away from the parent or guardians’ safety net.
